

## ALGORITHMS CLASSWORKS

1. Write an algorithm to print the below pattern

\*\*\*\*\*

\* \*

\* \*

\* \*

\* \*

\* \*

\* \*

\* \*

\*\*\*\*\*

2. Write an algorithm to print number pyramid

1234554321

1234\_\_4321

123\_\_\_\_321

12\_\_\_\_\_21

1\_\_\_\_1

3. Finding largest of 2 numbers
4. Find the largest member of an array
5. Count the number of vowels
6. Count the number of occurrence of each vowel
7. To find the sum of n - natural numbers
8. Convert a number from base 10 to base N
